Made easy through awesome writing, definitely a keeper

This book has some pretty good info for getting started with crystals and which crystals work for which chakra. Now I know some crystals that I need to get.

Good overview for anyone starting out. A nice introduction to the Chakras as well.Helps identify specific known crystals and how to prepare them cleaning,charging or storing.

Very good for beginners short and to the point. Gives you a nice starting place to expand your knowledge of crystal healing.

So helpful and explanatory
