Customer Reviews

This was not my usual kind of eBook but I enjoyed learning the background to Stoic philosophy.A stimulating read.And a steal at only 99 cents!

God read!

Good

Collection of often neglected writers. The influence of Plato's Apology throws an unfair pall over these people.

Brings back some college studies in the fifties. Great bargain for insights into our own intellectual development.

I am always so excited when I find another volume of the gargantuan undertaking that is called the "Stoic Six Pack" series. Today we extol the virtues of Stoic Six Pack 7 - The Sophists: Memoirs of Socrates, Euthydemus, Stoic Self-control, Gorgias, Protagoras and Biographies (Illustrated) Kindle Edition. And these virtues are worth extolling. Stoic Six Pack 7 brings you the 4th century BCE Sophists, in all their ground-breaking glory. This illustrated six pack gives you a good grounding in the Sophists, including key primary and secondary sources, to offer you an understanding of this early philosophical movement: Books include The Sophists by Henry Sidgwick; Dialogues Protagoras and Gorgias by Plato; Memoirs of Socrates by Xenophon. And as a bonus, you get Stoic Self-control by William De Witt Hyde and The Sophists – Biographical Sketches by William Smith, as well as Euthydemus by Plato. Enlarge your sense of self and history. The Sophists helped phrase our way of thinking about the world and ourselves. Buy these and read them.

A great collection of brilliant thoughts and philosophies. Stoic Six Pack 7 - The Sophists: Memoirs of Socrates, Euthydemus, Stoic Self-control, Gorgias, Protagoras and Biographies (Illustrated), features works by William De Witt Hyde, Plato, Henry Sidgwick, etc. I find so much relevant in these pages. Wonderfully organized and assembled. So glad this important material has been brought forward in a readable format so that it will be preserved. Highly recommended. Five stars.

This is a thorough and authoritative set of books about the Sophists - who were itinerant professional teachers and intellectuals who frequented Athens and other Greek cities in the second half of the fifth century B.C.E. In return for a fee, the sophists offered young wealthy Greek men an education in aretē (virtue or excellence), thereby attaining wealth and fame while also arousing

significant antipathy. The author makes the subject very readable and his knowledge is in-depth. This collection is a must for modern day intellectuals and students about a former age of intellectuals!
