Customer Reviews

Michael Scott writes brilliantly about people, most recently in the well-reviewed Barry Sheene: Motorcycle racing's jet-set superstar. He is the long-time editor of Motocourse, and lives in London. Grand Prix correspondent for Motor Cycle News.

Too bad people no longer seem to read many books these days. If you're a fan of MotoGP, then this is the only book you'll ever need. Very informative.

always awesome Fantastic photos and race info.

Wonderful review of the year's races - little irritated by some of the misprints in the results, but they didn't detract from a book which is a great record of 2014 motor cycle racing.

Another Michael Scott home-run with great informative articles you just don't get in the monthly magazines and super crisp photography to weave everything together.

same review as before, first class publication, terrific quality printing and pictures, sold at a amazing price...

This book continues to deliver a complete report on the prior year's competition and provides excellent photos also. It is a great addition to my collection, which starts with the 1993-1994 edition

Still the best annual of any sport with all the results, stats, editorial on all the major road racing events. This is a yearly "must read".

As always an excellent product but badly needs a full colour hard cover (like Haynes Manuals), I would gladly pay the small extra cost.
