Okay

I received the item within a few days and the service was wonderful. Unfortunately, my instructor decided to use the 4th edition and I had to return the item but I had no problems returning it. I also received my refund very quickly.

You will need Chapter 4 of this book to do well on the Drug Lit final spring semester of your first year. Roughly 30% of the final was based off of chapter four alone. It got me an "A" on the final and

an "A" in the class.
