# Manifest Your Destiny: Nine Spiritual Principles For Getting Everything You Want, The

## Synopsis

From the inspirational leader and author of the international bestsellersÂ Your Sacred SelfÂ and Your Erroneous ZonesÂ comes this mind-awakening guidebook for making your desires reality. Wayne Dyer is an extraordinary sensor of what people want and he moves with the ever-changing times. He focused on the heart of the spiritual withÂ Real MagicÂ and embraced individual sacredness withÂ Your Sacred Self.Â In this enlightening work, he takes these concepts one step further to focus on meditation and manifesting what you want. Based on ancient principles and spiritual practices,Â Manifest Your Destiny teaches the process of meditation as a way to streamline your thoughts, desires, goals, and, ultimately, your life. Are the decisions and actions in your life controlled by your ego? Are you weighted down with unresolved troubles? Do you feel out of touch with your environment? Do you complain, find fault, or take for granted more often than you appreciate your life? You can overcome these barriers with Dyerâ™s technique, as outlined in his Nine Spiritual Principles that will teach you to develop spiritual awareness, reconnect with the world, trust yourself and accept your worth, and let go of demands. Â Filled with warmth and insight, this invaluable book will help you achieve your goals and take you to a level higher than you've ever dreamed.

Self-actualization guru Dyer has a talent for appropriating age-old spiritual concepts and marketing them with buzzwords like "spiritual manifestation." Here he outlines nine principles for manifesting spiritual destiny, which appears to be synonymous with getting everything we want. According to

Dyer, if we can just get out of our ego's reach, the power of the universe would act in us to bring us everything we truly desire. By putting worthy spiritual ideals to the service of personal power, Dyer subverts the meaning of unconditional love, seeing it as the means to an end rather than a worthy end in itself. Buy only where Dyer's books are in demand.-?Bernadette McGrath, Vancouver P.L., B.C.Copyright 1997 Reed Business Information, Inc.

Best-selling author Dyer says this title is different from any other he's written, but his 1992 book, Real Magic, was also about "using your invisible self to influence physical reality." Here, the message is muddled. On one hand, he tells readers that inner peace should be their greatest goal, but, on the other hand, he offers techniques designed to attain more worldly objectives, like a new job. There's lots about meditating and chanting, and he supplies distillations from A Course in Miracles, but ultimately, the volume veers close to the low end of New Age gobbledegook. Still, Dyer's name and a marketing push are likely to generate requests. Order this book as demand dictates, but for a better, more down-to-earth approach to the subject of attaining one's goals through creative manifestation, tell readers to check out Sonia Choquette's Your Heart's Desire, reviewed on p.1071. Most amazing book i ever read, everything in my life changed, my marriage became peacefull, the weather was perfect on my sons wedding and we sold our house at the right time, i did the Ahhh meditation and Aum meditation and found it wonderfull! I have read all Deepak Chopras books , but found this was even more practical and helpful to advance spiritually as a result of these 3 word ; kindness, unconditional love and no judgement. Thank you so much. suzette hammer

Best book I ever read. I give it as a gift to everyone who is interested in creating a purposeful life for themselves.

I started reading this book and love the words and the way it was written. I am excited to read more. I am planning on recommending this to some friends of mine. It is a hard book to put down. I keep saying 'one more page' but then an hour later I am still reading!

No BS, it's probably the best book I ever read. It opened my eyes to so many thoughts and ideas. I saw him lecture at the St. Francis Hotel in San Francisco about 2002, regarding the material in this book, and he further blew me away.

I kept this book in my saved items for over a year maybe more. I heard great things but never bought it for some reasons. Guess I wasn't ready yet. I woke up one day feeling like I HAD to read this book so I bought it and it's the most life changing book I've ever read. I suggest everybody on this planet reading it and following it for the rest of their lives. It has taught me about my ego which I always struggle controlling. It's easier then ever since I read this book. Buy it, read it, you won't regret it.

If you can follow the path, you may have whatever you want. But... You should think about **WHAT YOU REALLY WANT**... Good reading...

I have purchased this book on audio and given as gifts too many times to mention! It is one of my most favorite books and I would HIGHLY recommend it and any of Wayne Dyer's materials for self improvement and spiritual growth. Teri LaFaye

This was my first Wayne Dyer book. It starts off strong, but he got better over the years. I would skip this and go right to his "Wishes Fulfilled." Get it on audio if you can. He narrates and has a great voice.
