Medical Terminology: The Best And Most Effective Way To Memorize, Pronounce And Understand Medical Terms: Second Edition

Synopsis

Medical TerminologyÂ Letâ™s be very clear about this: if youÂ want to feel proud of yourself andÂ do a great job in the health care field, you need to learn and understandÂ medical terminology.Â It is a fundamental part of the future ofÂ your career. Which means you do not want toÂ embarrass yourself and reach for a dictionary every timeÂ somebody asks you to explain different symptoms, diagnoses or tests. Oh and knowingÂ medicalÂ terminologyÂ makes you feel smart which is the best feeling in the world!Â 'Nuff said, what are theÂ benefits?Â The boring (but very important) partYou will:..NOTÂ feel stupid and waste valuable time. Especially in emergency situations, you won'tÂ have the time to extractÂ things you donâ™t know from a dictionary.Â ..Learn the language of Medicine..Be able toÂ help other doctors and nurses toÂ writeÂ quickly and efficiently in the records so that they can be onto the next patient...Use Â MedicalÂ Terminology every singleÂ day at work.If you are not convinced yet, please read no further. There is aÂ slight chance medicine is not your cup of tea. Otherwise, please click theÂ add to cart buttonÂ and enjoy 241 pages of your future!Â

Customer Reviews

Written in an understandable format. Questions included and these questions are presented in many styles and varieties.

Very short book, but the resources are worth the few bucks I paid for this Kindle book.

This was a gift for my partner (we're EMTS) she loved it, she said it was super easy to understand and great to use.

The book is very concise and well organized, good study tool when being first introduced to medical terminology!

The best so farÃÂ

Good book. Great price.

Very very VERY basic. It's sort of like a long introduction to a medical terminology book.

This is incredible! Easy to read , break down is awesome than any other format I seen .as a nursing student I recommend it
