**SAMPLE PROMPT**

**Paranormal** A vampire attacks your character. However, before your character can be killed or turned, another person rescues him. Your character and his rescuer share a bond, and eventually, it leads to deeper feelings. After dating for a while, your character discovers that his rescuer-turned-lover is also a vampire. Is your character willing to stay in the relationship? How do other vampires or humans react to their romance?

**Time Travel** The couple in your story mysteriously winds up back on the day they met. While they are still in love, as with most people, they do have a few regrets about their lives. Do they decide to act the same and stay together, or do they explore their "what ifs" and risk losing their relationship? If they choose the latter, how do they eventually find their way back to each other?

**NOTE FROM THE AUTHOR** If you're in a creative rut, know that I've been there, too. I spent far too long struggling with my inability to write, and it negatively affected several aspects of my life. That's why I wrote 100 Romance Writing Prompts – because I know what it's like to feel creatively empty, and I want to help other writers beat their own blocks. In this booklet, I've combined techniques from my days in university (I hold a Bachelor of Arts in Creative Writing) with the real-world lessons I learned from writing my own fiction novels. The result? A list of 100 prompts to get your creative gears spinning. But that's all I can do. The rest is up to you. Get back to writing today. Scroll up and hit buy now. - Kate

## Customer Reviews

If you're looking for inspiration and writing prompts to tickle your own creativity, this book may be just what you're looking for. I found several ideas I could easily transform into completely new and intriguing story starters. Author Colby seems to have a fresher and more creative perspective on romance than most "writing prompt" authors. Most of these books are just a rehash of the same old tired - albeit tried and true - cliched story ideas.

Great resource! I truly enjoyed the originality of the prompts found inside and I can't wait to try them out in my writing. I highly recommend it for anyone who wants to excel at writing to a prompt, which is a good skill to learn, no matter what your genre!
