# Sufi Inspirations

## Synopsis

The material contained within 'Sufi Inspirations' -- and which is given expression through the different chapters of this book -- constitutes, both individually as well as collectively, a Sufi perspective. However, one does not have to be on the Sufi path or inclined to that path in order to engage the material in this book. Anyone with an interest in spirituality and mysticism will find, God willing, an abundance of themes within the boundaries of this work which are able to form the seeds of contemplative reflection for any faith background.
