Divine Sayings: The Mishkat Al-Anwar Of Ibn 'Arabi

Synopsis

Inspiring insight into the spiritual depth of Islam is presented in this English translation of Muhyiddin Ibn `Arabi's Mishkat al-Anwar, one of the most influential early collections of hadith qudsi, the sayings of God as transmitted by Muhammad. The meaning of hadith, hadith qudsi, and the importance of the terms in the text are explained in a comprehensive 90-page introduction. A bibliography, indexes on the individual hadith, the names of the important transmitters, and two appendices on the manuscript sources and chains of transmission provide unfamiliar readers with resources to fully appreciate the work. An Arabic version of the Mishkat al-Anwar, culled from the oldest surviving manuscripts and presented in a handsome calligraphic style, is also included.

It is all english and I was hoping the Arabic and sources would be present

Want a taste of real Islam? This is it. I've read other books of hadith (sayings) but this one, which covers what are called "Holy hadith", sayings of God reported from his various prophets and other mystics, is beautiful. The sayings are simple and direct prescriptions for a sweet spiritual life. I

bought the paperback English version and then discovered that the hardback version also includes the Arabic as well as the English. So I bought that too! The translations are great. The lettering is very readable. I'm glad I found this. Peace & Blessings to you.

This book is not described accurately concerning it's contents as described by product description. Will return for refund.

That was such a beautiful book what is better than reading the words of Allah the most merciful beautiful subhanallah.

Ibn Arabi is very important scholar whose ideas are sometimes challenging. I liked this text, but I wish it included the Arabic text. Otherwise i would recommend.

Awesome...I loved it. The best hadith book I have ever read. Changed the way I looked at things.

We are fortunate to have such a readable translation. If you like this book also see Lex Hixon's 101 Diamonds
