The Bedford Guide For Writing Tutors

Synopsis

With more activities and exercises than ever before, this fifth edition of *The Bedford Guide for Writing Tutors* provides a concise and practical introduction to tutoring. Its nine chapters provide principles and strategies for working with diverse writers and assignments in a variety of contexts: college or high school, online or face-to-face, in the writing center and beyond. Visit the companion Web site for *The Bedford Handbook*, Eighth Edition (hackerhandbooks.com/bedhandbook) to find additional tools for tutors and writers including handouts on common writing, grammar, and punctuation problems; documentation help; links to tutoring resources; and an annotated bibliography.

I took a class at laney college. Intro to tutoring, and this was the text book for that class. It really puts into perspective what makes up good tutoring skills. I got a lot out of this book , hence , 10 stars!

TAHNKS JON COOK

I had to get this for class. It is ok.

I am rewriting the training manual for our Writing Center Peer Tutors, depending very heavily on the excellent exercises included in this text. There is very little literature out there on the training of peer tutors, making this text very valuable.

I bought the Guide as a requirement for becoming a writing tutor at my university. It's pretty short so I was able to read it in one afternoon. I'd say this is a good basic tool for every tutor. I never got around to completing the exercises but they seemed pretty helpful, if you have the time. However, if you're looking for anything in-depth and detailed, you might want to look elsewhere. Like I said, this is great for learning the basic techniques for tutoring and to brush up on your skills. It's easy to follow and pretty helpful.
