Unexplained Mysteries: Bizarre Unexplained Mysteries From Every Corner Of The Globe: True Ghost Stories And Hauntings Box Set (True Paranormal, Haunted Asylums, Unexplained Phenomena Book 2)

Synopsis

Bizarre Unexplained Mysteries From Every Corner Of The Globe: True Ghost Stories And Hauntings Box Set *****Get Your FREE BONUSES When You Download This Book!*****Over the years, there have been many strange or unexplained phenomena that people have experienced or witnessed in their lives. These experiences have been passed on from generations to generations. However, as time passed most of these may have been forgotten or simply remain unsolved. There are hundreds of paranormal stories and personal experiences that have happened over the last century but there are some that truly stand out and have become incidents that people will never forget. Take for instance Australia's Most Haunted House • Monte Cristo homestead or the Clark Air Base in the Philippines. How about the story of Jack the Ripper that up until now is still unsolved or the famous Amityville Horror House that has been made into a movie over and over again. If you are a fan of these hair-raising and bizarre stories, then this box set is the one you are looking for. Discover more strange incidents and scary situations as you read this book of paranormal stories. Get to know why an area in Boston, Ohio is called Hell town. Explore at your own risk the haunted house in Beijing, the story behind the historical London Bridge or the haunted areas inside the White House. Interested and can't wait to read on? Then brace yourself as you read along and discover these spine tingling tales of horror. You never know, something else might be beside you reading along to this book! If you love a good scary collection of ghostly tales and mysteries, grab your copy of this set now!>>> Download this book today!

Customer Reviews

This is a compilation of ghost stories and honestly the book is far from well written. I couldn't even finish it. I know when selecting this book you were thinking, "Yes, this must be entertaining to read at the beach; I need something light and fun, and I know fully well it's a collection of ghost stories so it is not going to be very believable". Well, at least that's what I was thinking. A ghost story is just that - a ghost story. You start reading it with the presumption that you're buying into the whole ghost-thing with the purpose of being entertained. It's the same with any Sci-Fi book or movie. You accept the rules of the imaginary universe and you allow the author to tell their story. The author on the other hand, has the responsibility to lay down the rules and abide by them in order to make the story believable in the conjecture of the imaginary universe. With a ghost story, the imaginary universe consists of buying into the fact that ghosts exist. That's fine. But this book is full of so many contradictions that I spent most of the time picking out all of them and getting annoyed instead of following the story. I'll give you a simple example - this character was all alone in the dark, he disappeared, never to be heard from again, presumably getting killed by a ghost. However, the author is able to describe in the slightest little detail exactly what happened, what the character was thinking and feeling.... If it's a ghost story, we assume that ghosts are real and the story is basically recounting the facts as they happened. But if the character was all alone and there were no witnesses, then he disappeared never to be heard from again, how on earth does the author know what happened or what the character was thinking and feeling? Normally a ghost story would make an effort to sound believable - "legend has it", or there was a little boy hiding in the bushes who witnessed the whole thing but the ghost decided to spare him... You get my point. After the 4th or 5th inconsistent story, I just had to drop the book. The only use I see for it is to take it to the camp fire to read scary stories to 5-year-olds, at least they won't ask any questions.

great compilation of true paranormal books, loved it !!

I really enjoyed this book!

I am a lover of mystery stories, usually read them in my free time and I can say that this set is incredible. I recommend it because they recount many mysteries, phenomena and strange appearances. These books keep you attentive, they are excellently written and well developed. If you love this kind of stories, you can not miss the opportunity to get this excellent collection of horror stories.

This is such a creepy book / collection, but in a good way (at least for me, I love mystery and haunting stories) I found this collection through a friend who recommended it a while ago so I decided to give it an opportunity, I really enjoyed reading each one of the stories, they are so unique and at the same time intriguing, I totally recommend this collection.

Very amateur in style. Editing is atrocious. Combination results in very frustrating and tedious read.(amateur) And I received these books for free! It looks like some companies will publish just about anything.
