Customer Reviews

This book is such a great reference and the information found in it is incredibly thorough. It's small enough to where you can carry it around or bring it to work with you.

This is an awesome book for referencing diseases that are unknown and you just need some concise, organized and to-the-point information! Used it for nursing school and it is fantastic!

very good

Great!

Works as it should. Good product.

Fantastic. Fast ship. Beautiful not marked or dented.

Excellent condition

Best for studying and understanding content. A must use when studying for standardized tests, such as ATI or HESI and licensing exams such as the NCLEX.
