# The Internationalists: How A Radical Plan To Outlaw War Remade The World

## Synopsis

A bold and provocative history of the men who fought to outlaw war and how an often overlooked treaty signed in 1928 was among the most transformative events in modern history. On a hot summer afternoon in 1928, the leaders of the world assembled in Paris to outlaw war. Within the year, the treaty signed that day, known as the Peace Pact, had been ratified by nearly every state in the world. War, for the first time in history, had become illegal the world over. But the promise of that summer day was fleeting. Within a decade of its signing, each state that had gathered in Paris to renounce war was at war. And in the century that followed, the Peace Pact was dismissed as an act of folly and an unmistakable failure. This book argues that that understanding is inaccurate, and that the Peace Pact ushered in a sustained march toward peace that lasts to this day. The Internationalists tells the story of the Peace Pact by placing it in the long history of international law from the seventeenth century through the present, tracing this rich history through a fascinating and diverse array of lawyers, politicians and intellectualsâ "Hugo Grotius, Nishi Amane, Salmon Levinson, James Shotwell, Sumner Welles, Carl Schmitt, Hersch Lauterpacht, and Sayyid Qutb. It tells of a centuries-long struggle of ideas over the role of war in a just world order. It details the brutal world of conflict the Peace Pact helped extinguish, and the subsequent era where tariffs and sanctions take the place of tanks and gunships. The Internationalists examines with renewed appreciation an international system that has outlawed wars of aggression and brought unprecedented stability to the world map. Accessible and gripping, this book will change the way we view the history of the twentieth centuryâ "and how we must work together to protect the global order the internationalists fought to make possible.

## Book Information

Hardcover: 608 pages

Publisher: Simon & Schuster (September 12, 2017)

## Customer Reviews

Like The Clash of Civilizations and The End of History, this brilliant book lays out a vision that makes sense of the world today in the context of centuries of history. Hathaway and Shapiro tell their story with literary flair, analytical depth, and historical meticulousness. It will change the way you remember the 20th century and read the news in the 21st. "Steven Pinker, Johnstone Professor, Harvard University, and the author of *The Better Angels of Our Nature*"Sweeping and yet personable at the same time, *The Internationalists* explores the profound implications of the outlawry of war. Professors Oona Hathaway and Scott Shapiro enrich their analysis with vignettes of the many individuals (some unknown to most students of History) who played such important roles in this story. None have put it all together in the way that Hathaway and Shapiro have done in this book." Paul Kennedy, Professor of History, Yale University, and author of *The Rise and Fall of Great Powers*"*The Internationalists*, by Yale law school professors Scott Shapiro and Oona Hathaway, is a provocative, fascinating, and significant book. It deserves to be on the bookshelf of all serious students of foreign affairs and promises to rattle conventional wisdom as well as foster a healthy debate." Jay Winik, author of *April 1865* and *1944*, Historian-in- Residence, Council on Foreign Relations" A searching analysis of contending views of state violence and warfare. Rich in implication, particularly in a bellicose time, and of much interest to students of modern history and international relations." Kirkus Reviews" Hathaway and Shapiro adopt a fundamentally revisionist perspective on the oft-dismissed Kellogg-Briand Peace Pact of 1928, positing that the agreement marked the beginning of the end of war between states. The pact inspired the human-rights revolution, the use of economic sanctions, and the creation of international organizations focusing on peace. The authors provocatively argue that, since 1945, conquest has nearly disappeared as an accepted procedure for changing borders. Hathaway and Shapiro's conclusion can be debated but not easily dismissed." Publishers Weekly" In this timely, elegant and powerful book, Oona Hathaway and Scott Shapiro help us understand the momentous significance of the individuals who imagined an end to war. As the world stands on the cusp of a return to an earlier age, *THE INTERNATIONALISTS* is a clarion call to maintain law and order across our planet." Philippe Sands QC, Professor of Law, University College London and author of *East West Street*" An engrossing narrative that provides a new framework for

interpreting international relations over the previous five centuries.â •â "Library Journal, Starred Review

Oona A. Hathaway is the Gerard C. and Bernice Latrobe Smith Professor of International Law at Yale Law School and the Director of the Center for Global Legal Challenges. She has published essays and opinion pieces inÂ TheÂ New York Times,Â The Washington Post,Â Los Angeles Times,Â TheÂ Guardian, andÂ Foreign Policy.Â SheÂ served as the Special Counsel to the General Counsel at the U.S. Department of Defense in 2014-2015, for which she was awarded the Office of the Secretary of Defense Award for Excellence.
