Customer Reviews

The Anarch Cookbook: A Friendly Guide to Vampire Politics is a guide to survival amongst the most rebellious of the kindred and an overview of their political aspirations.

I ordered this for my husband he really likes it. I would recommend saler it came on time and in perfect shape.

The Anarch Cookbook is well written. It is indeed a manual for Anarch politics, warfare and their way of unlife. With descriptions on strategies for times of peace as well as melee and ranged combat tactics, weapon infos and bomb making. Notes on water cannons, bullet proof vests and shield parry. How to incite riots and revolts and how pacify them again. Useful for Anarchs and counter forces, like the Prince, the Primogen, the police and paramilitary units. It is a manual and for that it's good. On the other hand it lacks everything concerning their history and decision making processes within the movement, either in Camarillan cities, the Anarch Free State or in Sabbat strongholds. The Cookbook only pictures the USA. The statement all, Anarchs left Europe in an Exodus-like migration, seems to be blown out of proportions. The movement began in the old world and nothing explains why all Anarchs should have left European cities only to live in the then

Camarilla controlled American cities. The book misses any comment on the unlife span of Anarchs. I guess not all of them are neonates. Or is it their doom to die young - even in "peaceful" cities? Though many probably do, a number of Elders from the of the Inquisition might still exist. To resume, it's not an encyclopaedia it's a cookbook.
