Customer Reviews

The Prince was an interesting read also but this compilation lost me after that. The story involved a lot of detail which also made it difficult to follow. The detail is so convoluted at times it drowns you. I found myself reading through it looking for something to anchor it to. Given my total lack of knowledge of this time period in this region, just stopped reading it. Enjoyed the introduction and reading the details of Machiavelli's life and times, that is worth looking at this book.
