Customer Reviews

I liked how this time the book talked about more of the main characters background-what I didn't like is it got 2 descriptive on beast originally in the first book just common animals-I would recommend this to anyone who is interested in the dragon ball z theme-I really really hope another book comes out very soon!

It finally came out! Buuut, I think it was the tiniest disappointing, he didn't converse with a human the whole book. With his relations the book didn't mention any one of them until the epilogue. The next one better come out faster than this one.

Saw over all improvement in this book. The English still feels so... forced maybe? Sometimes the author uses words that just don't fit well in a sentence versus another choice and that causes it to be a not very smooth read at times. But improvement!

Again the book tends to suffer from grandiose ideas and poor execution. The main character just seems to magically understand and use new, stronger abilities

There are no words to express how freaking obsessed I have become with this story! Fantasy is one of my favorite genres of books & for me too be so enchanted by 'big brothers' life is a new level of awesome. There was never a point where I was loosing interest or not following the story. I definitely loved how I got to experience different POVs throughout both books & how that kind of filled in gaps in the story & added to the overall reader experience. Loved these first 2 books & can't wait for the third!!!!!!

I found d the first book to be better than this one. Not a fan of the elemental beasts arc. Hopefully the author gets back to humans because the beast plot is boring

The story is captivating and makes you want read endlessly to see what happens next. I love the characters and had fun laughing at their antics, and fearing for their safety in their heated battles. My only gripe with the book and the reason I gave four stars instead of five was the numerous spelling errors and grammar errors. Great book can't wait for the third.

very interesting read enjoyed it thoroughly
