On My Honor: Why The American Values Of The Boy Scouts Are Worth Fighting For

Synopsis

In *On My Honor*, Texas governor Rick Perry, through the legacy of the Boy Scouts of America, takes dead aim at the moral relativism of the secular humanist movement, indicting its corrosive impact on the culture. Examining the left's legal assaults on the Boy Scouts of America - which span more than 30 years - Perry offers prescient insight into the multi-faceted war, which pits the proponents of traditional American values against the radical leftist movement that seeks to tear down our social foundations. *On My Honor* underscores the depth to which the culture warriors of the left will go to force their secular humanist minority view upon American society and revered American institutions. It is a revealing look at a culture war that rages close to the surface of American life, and it is a must read for any American concerned that our society is slipping from the high moral ground of liberty to the valley of license.

Customer Reviews

RICK PERRY, currently the governor of Texas, wrote *On My Honor* to shed a bright light on the culture battles the Boy Scouts face defending America's values. As an Eagle Scout and the proud father of an Eagle Scout, Perry has witnessed first hand the positive impact Scouting has had in the lives of countless families. The onslaught by the secularists, lead by the ACLU, has been relentless and has long term negative ramifications for all Americans. This is Governor Perry's first book. He resides in Austin with Anita, his wife of 25 years, and his daughter, Sydney. His son, Griffin, lives

and works in Dallas. All net proceeds from this book go directly to the Boy Scouts of America.

A fantastic overview of challenges any youth organization has from those outside of the org.

I got it Friday and it is fine.

As described.

This a outstanding book to read. Governor Perry brings out why we need the scouting program. This would be a great gift for any new Eagle or a scout working toward their Eagle.

He should be President

Great read. Gave a copy to all the Eagle scouts in my family.

Awesome

As a former Cub Scout, Boy Scout, and Explorer Scout it will come as no surprise that I agree with Governor Rick Perry's stance on the values of the Boy Scouts of America. Governor Perry is my kind of guy -- no apologies. I admire his spirit and know him to be the "Real Deal." Oh, sure, he's a politician but no one should doubt the sincerity of his value system. His family and mine have deep roots in the west Texas community where he grew up and I feel like I understand the making of the man much better than perhaps any other nationally prominent politician. I recently asked my sister and brother-in-law, who live in Austin, how they felt about Governor Perry. My brother-in-law was succinct: "How many Democrats do you know who were Eagle Scouts?"
