A Colour Handbook Of Skin Diseases Of The Dog And Cat UK Version, Second Edition (Veterinary Color Handbook Series)

Synopsis

Following the success and critical acclaim for the first edition, the second edition of *Skin Diseases of the Dog and Cat* preserves the strengths of the book: Problem-oriented approach; the book is arranged in twelve chapters covering dermatoses classified by their principle presenting sign
Concise systematically structured text; definition, aetiology and pathogenesis, clinical features, differential diagnoses, diagnostic tests, management Focus is on clinical practice and the need to explain the disease to the owner Superb and generously sized colour photographs and diagrams Clear user-friendly design - one condition per page or spread of pages Referenced throughout to give the clinician access to the literature Within the framework and in light of the exponential growth of information in small animal dermatology since first publication, the authors have revised the entire text for the new second edition, added 21 new sections and 131 new colour photos. The result is a handbook that is practical, extensive and up-to-date in its content, beautifully illustrated and designed. The new second edition is of value to veterinary practitioners and students, veterinary nurses, and technicians.

Customer Reviews

The second edition of this handbook ticks all the boxes... Descriptions are precise, concise and up to date... A well conceived textbook that contains many excellent pictures... the quality of the pictures is faultless. For veterinary surgeons in practice with an established grounding in

dermatology, I think it will be an excellent addition to their libraryâ •Veterinary TimesEach condition is defined clearly... well illustrated with high-quality colour photographs... the text reads well and is concise... is up to date and uniformly well researched and referenced... of value to enthusiastic undergraduates... and to anyone in general practice with an interest in dermatology.â •Veterinary Record, March 2010â |the amount of detail in this book is ideal for the general practitioner... thoroughly recommendedâ •myvetstream.com
