Customer Reviews

Book by Wiersbe, Warren W.

This book was required reading in one of my pastoral ministry courses at Dallas Theological Seminary, and it is the book that I have turned to many times in my last 36 years of ministry. It features short biographies of many pastors of yesteryear with quotations from more extensive biographies or their own writings and sermons. I just bought a copy for a young man graduating from college in a few weeks. He will be an elder and leader in his church one day. He will read this book, and it will help him to be an encouragement and blessing to his pastors in years to come. And it will be a blessing to him as well. Wiersbe later penned its companion volume, LISTENING TO THE GIANTS. It provides additional biographies as well as sample sermons by great preachers of the past.

I was first introduced to the ministry of Warren Wiersbe when I was a student at Grand Rapids Baptist College (now Cornerstone University) back in the 1970s. Dr. Wiersbe was one of the primary speakers every year at our annual Seminary Bible Conference. Walking with the Giants was the first of 3 "Giant" books, and it has always been my favorite one of the 3. It contains articles that originally

appeared in Moody Monthly's column called "Pastor's Insight," in which Dr. Wiersbe wrote brief biographical articles on famous (and some not-so-famous) dead preachers! This book is a spiritual goldmine to me. However, I should say that my wife didn't like it because it compelled me to go spend money on the books that Wiersbe recommended! She has indirectly benefitted from them, though!

I found this book to be very similar to 50 People Every Christian Should Know. Actually preferred "50 People", but both are excellent. Many of the great treasures of the Christian pulpit are all but lost to our current crop of preachers. Too bad. These books will stir the hungry heart for those wanting great preaching and Warren Wiersbe has a gift for cultivating your appetite for such. Do yourself a favor and get these books for your learning, your stirring and your spiritual renewal.

Dated but if you are wondering about some of the older men who you often hear quoted and would like to have a brief overview of their lives along with a choice sermon from each it is a great read. Also for you preachers there are some good illustrations to glean.

Every Pastor should read this book. It gives much needed guidance in the way of giants of the faith to read about. It would be great for lay people as well to expand your faith & understanding of church history!

Already finished reading this book. Very good, can't wait to share. A must read for Pastors or anyone interested in this kind of book.

Very good

One of the most inspiring books I have ever read!
