Customer Reviews

I loved this book. I originally bought this because the Skye Knizley had a story in it. Then discovered

another author I love was also featured but what I discovered was bunch of talented authors that I had never heard of and will now look up their work and be making some purchases. If you're looking for something different then you check this collection out.

As always there were some stories that were better than others but overall I enjoyed them all. I definitely recommend this collection.

Do not read this before bed. I still feel like I have strange hairs all over my house now. Great job ladies.

I really liked the book. They should get together and write more Anthologies. Thank you for allowing me the chance to read it.

Wow P Mattern story card trick was amazing. I loved it. It shows u that u really shouldn't trust anyone. Especially don't kill ur sister cause u think her boyfriend is in love with u. Another 5 star story.
