## Customer Reviews

I ordered this for my Anatomy II class. It arrived on time and was exactly what I needed. It was helpful in my cat dissection.

This book was in great condition

This book is very detailed and has pretty good pictures. It is really helpful in school. I'm glad i have it.

This book was in excellent condition and arrived ahead of schedule. Unfortunately the professor decided not to use it for his class. The return was so easy. Will definitely us the seller again.

as described

What I needed for school

This book is plain and simple. Does not have good detail as thought. It did not go over some parts, which surprised me. Easy to understand though!

Got this book sooner than expected, even before said I would!! would like to thank breannaw for the great service and the nice thank you.:)
