## Customer Reviews

Kathryn A. Gill, MS, RT, RDMS, FSDMS: Kathy Gill has been practicing, teaching, and writing about ultrasonography for more than 20 years. She is Program Director of the Institute of Ultrasound Diagnostics in Daphne, Alabama, and the author and editor of Ob-Gyn &#x97;Sonography Review, Breast Sonography Review, and Ultrasound in Obstetrics & Gynecology: A Practitioner's Guide. Kathy became a Fellow of SDMS in 1993 and a Senior Member of AIUM in 1996. She lives with her

family in Daphne, Alabama, where she teaches, practices, and writes. Misty H. Sliman, RT, RDMS: Misty Sliman is Clinical Director of the Institute of Diagnostic Ultrasound and a practicing sonographer with Medscan in Daphne, Alabama. Previously, Misty was affiliated with the Perinatal Unit at the University of South Alabama, Springhill Memorial Medical Center, and Mississippi Baptist Medical Center. Peter W. Callen, MD: Dr. Callen is Professor of Radiology, Obstetrics, Gynecology, and Reproductive Sciences at the University of California Medical Center, San Francisco. He is Editor of the renowned textbook Ultrasound in Obstetrics and Gynecology, now in its 5th edition, and the author of numerous other contributions to the literature. Marie De Lange, BS, RT, RDCS, RDMS, FSDMS: An internationally recognized author, teacher, speaker, Marie De Lange has been actively involved in ultrasound education and credentialing for more than 25 years. In addition to her clinical and research work, she has held numerous positions of responsibility at ARDMS, SDMS, AIUM, the Journal of Diagnostic Medical Sonography, and the Joint Review Committee on Education in Diagnostic Medical Sonography. In 1992 she was elevated to the status of Fellow of the Society of Diagnostic Medical Sonography. Marie is Diagnostic Medical Sonography Director and Ultrasound Vascular Laboratory Manager at Loma Linda University Medical Center. Glenn A. Rouse, MD: An award-winning author and researcher, Glenn Rouse has been a board-certified practitioner of diagnostic radiology since 1980. He has published more than 40 original articles in the ultrasound literature and has presented exhibits and spoken at nearly 40 ultrasound meetings nationwide. Dr. Rouse is Clinical Professor of Diagnostic Radiology at Loma Linda University Medical School and Chief of Inpatient Ultrasound Services at Loma Linda University Medical Center. He and Marie De Lange have worked together for years.

I used this along with Edelman's ob/gyn book from his class & found the questions & images on this cd to be very very similar to the exam questions, some almost exact! I took my test back in October 2010 & passed! I suggest if you are planning to take your ob/gyn registry to read your material thoroughly but quiz yourself on the questions over & over. This cd is good because it explains the right answers! The test that I had had many questions on anomalies lots & lots of anomalies! This cd is a great buy you cant go wrong with this! Good Luck with your registry & remember answer questions over & over until you understand each section it may get boring but believe me it will pay off in the long run!

Before I decided to purchase this product I read the reviews n they where all great .. but when it was time for me to sit for my exam. I didn't find myself using any of the skills from this CD rom .. it

need more improvement in the physics portion ..

Different areas of book will contradict itself. Be careful when using to review for an exam.

It was very helpful. I passed my board (with high score) right away after 2 weeks working with this CD-ROM ! I recommend it to my friend.

This was an awesome study aid for the board exams. I need to have an interactive study tool, and this was just what I needed.

I love it

Great addition to my textbook (Hagen-Ansert). It help me prepared and understand the material better, especially the pictures. Happy to say i passed it first try!

I would highly suggest this, it's very helpful in preparing for the ARDMS. Good learning tool and helps you feel confident when taking the actual exam.
