Siddur Tehillat Hashem: Nusach Ha-Ari Zal (English And Hebrew Edition)

Synopsis

This authoritative translation of the complete prayerbook is written in a contemporary English style that avoids the archaic and stilted expressions prevalent in previous translations. It is eloquent, lucid and inspiring while remaining faithful to the original Hebrew text. An introduction by the translator explores the particular significance of this version of the Siddur, compiled by Rabbi Schneur Zalman of Liadi, and its relationship to other variant forms of the nusach ha-tefillah. Rabbi Schneur Zalman, the founder of Chabad-Lubavitch Chasidism, researched sixty different versions of the Siddur and subjected every word to careful scrutiny, making it linguistically faultless according to all the complexities of Hebrew grammar and syntax. He also incorporated into the text every detail and intention of Lurianic Kabbalah, in addition to meticulously following the Talmudic and Halachic rulings concerning the prayers. The translation includes Selichot, Hoshanot, Pirkei Avot, and the Torah reading for various festivals, as well as the daily, Sabbath and Festival prayers. Also included are laws and customs relating to the liturgy and the rite of prayer - all in a highly readable and graphically pleasing typographic design.

Customer Reviews

There is only ONE Tehillat Hashem book, and only one Bi-Lingual version. I think it goes without saying that if your looking for this, then go ahead and get it, you need it. I would say maybe to get as large an edition as you can get, since you will probably have it all your life, and with age goes the eyes. So the bigger the better. Gotta Love It!

Not enough words to explain how much I love this book!!! A bit older copy but wonderful condition.
Fast service.

Nice siddur but not as comprehensive as some of the newer ones.

Well known prayer book which has some features not found in other siddurim.

Great delivery time and there is not much one can say about the Siddur other than to use it

As described. Great large font. Easy to read.

This book had pages that were publication errors and many sections had drastic changes in the point size of the lettering. Ink quality of printing was also poor. Also there were pages that had been folded in all around to fit the book, obviously this is a 'misprint' book. I was very disappointed. But being a book lover I kept it. The content was close to what I was looking for, and as this book represents knowledge of my faith, I will still treasure it for its content. But I will never purchase another book from this seller again. This is not a novel but a prayer book, and a reference book. To misrepresent the condition, and sell it when it is obviously poorly manufactured is sad...both for the book, and what it says about the sellers and publishers.

This Siddur is an excellent prayer book for both orthodox and ultra-orthodox congregations. Unlike many orthodox Siddur's which solely utilize Hebrew only, this book presents the English translation which is vital to Jews of today. The Siddur is also a great reference book which also provides the necessary blessing and prayers for the life cycle events.
