The New United Nations: International Organization In The Twenty-First Century

Synopsis

With a fresh look at challenges to the UN in Syria, Iran, Russia, and elsewhere, the second edition of this successful text highlights new international trends toward global governance, holistic democracy and human development, and progress on peacebuilding and counterterrorism. A comprehensive guide to the world body's institutions, procedures, policies, specialized agencies, historic personalities, initiatives, and involvement in world affairs, *The New United Nations* is organized thematically, blending both topical and chronological explanations making reference to current scholarly terms and theories. New to this edition: Fully updated chapters and a new Introduction, including discussion of the Paris Climate Change Agreement, Human Rights Council, and Peacebuilding Commission; New sections on Special Rapporteurs and Special Procedures, the theory and practice of neoliberalism, the UN's endorsement of the "Responsibility to Protect," and Contact Groups; Unique special section on the student Model United Nations experience; Coverage of the UN's fifteen-year assessment of the Millennium Development Goals and the consequent approval of the Sustainable Development Goals; and eResources with supportive materials and documents.

Customer Reviews

Praise for the Second Edition At a time when disintegration and increasing tensions characterize the world, Moore and Pubantz's thoroughly updated new edition presents the UN as an indispensable agency for international diplomacy, but without glorification or false claims. I

recommend it warmly for its authority, clarity, richness of detail, and plain language, all of which make it an ideal textbook. Norbert GÃ¶tz, SÃ¶dertÃ¶rn University Moore and Pubantzâ€™s updated The New United Nations is an indispensable tool for understanding the UN Systemâ€”not only its history, but its evolution to address contemporary challenges. Faculty and students alike will appreciate ample examples of UN work that allow a discussion of the organizationâ€™s role today, distinct from its function immediately after WWII and during the Cold War. As the world navigates apparent repudiations of the global economy with votes for Brexit and Donald Trump, new Secretary-General Guterres will work with member states to keep the peace, expand human rights, and promote economic development, the environment, and health policy. This essential text offers a critical foundation for understanding what may come next. Michael Eaton, National Model United Nations The new edition of The New United Nations is a very comprehensive, yet readable, introduction to the pre-eminent intergovernmental organization. The writing is crisp, bringing the reader into the locales where the diplomacy and work of the United Nations is performed. Even though itâ€™s intended to be a textbook, in parts it reads like an action thriller as diplomats try the impossibleâ€”bringing agreements to life-long adversaries.

John Allphin Moore, Jr.Â is Professor Emeritus of History at California State Polytechnic University at Pomona, USA. Jerry Pubantz is Professor of Political Science at the University of North Carolina at Greensboro, USA.
