Exploring The Financial Universe: The Role Of The Sun And Planets In The World Of Finance

Synopsis

The role of the Sun, planets and stars and their influence on global markets is intriguing to traders and investors alike. Christeen Skinner's research shows very definite links between major stock market movements and the position of the planets. This book will be of interest to those with little understanding of astrology as well as to those well-versed in the subject. The work includes charts, graphs and horoscopes and explanation of some of the techniques used for astro-financial forecasting. In *Exploring the Financial Universe*, financial astrologer Christeen Skinner covers solar rhythms and the intricacies of commodity, property and currency price movements with planet cycles. The role of the planets in mastering the relationship between time and price is considered. There is a chapter on the natal horoscope and financial rhythms set from birth. The book concludes with forecasts covering 2017-2024. Chapters include: Solar activity and the markets Stock Market Crashes of the 20th Century One Day gains versus losses Currencies and major planetary configurations Commodity price movements Property Price cycles and the role of the Moon and planets The link between planet cycles, time and price Financial timing indicators in your own chart Forecasts 2017-2024 The author presents case studies in business astrology and an explanation of some astro-finance trading techniques and uses financial charts taken from the Market Analyst software program for astro-traders.

Customer Reviews

Christeen H. Skinner is the author of *The Financial Universe*. She is a practicing astrologer based in London and is the director of Cityscapes London, a company specializing in future casting. She holds a diploma from the Faculty of Astrological Studies where she has taught for a decade, and

she has been chair of the Astrological Association of Great Britain.

This is a fantastically useful book. I'm still at the dipping into it stage and already it's thrown up light on location for possible property purchases and timing for possible future shock events. The history of past financial events is detailed and also possible future events and timings. For the personally interested reader, it gives additional information on your own wealth potential. For professional astrologers and investors it is a wealth of interesting and pertinent information. It's a highly readable and informative book. Frankly a bedside must. A nice combination of being both accessible and yet highly researched.
