Comprehensive Nursing Care, Revised Second Edition (2nd Edition)

Synopsis

Comprehensive Nursing Care is an all-in-one learning resource which thoroughly addresses LPN/LVN practice, roles, and collaborative relationships. It covers the six core LPN/LVN curriculum areas: Fundamentals; Medical-Surgical/Adult Health; Maternal-Newborn; Pediatrics; Mental Health; and Leadership. Throughout, critical thinking situations and real-life client scenarios enable students to demonstrate knowledge, develop higher-level skills, and work well with RNs. Professionalism, a crucial focus of modern LPN/LVN education, is addressed throughout. Fully aligned with the NCLEX-PN® Test Plan, this revised edition contains updated coverage of healthcare delivery systems, cultural issues, safety, pandemics, electronic charting, psychosocial issues, Healthy People 2020, health promotion for older adults, continuous quality improvement, and much more.

Customer Reviews

Great text but when I tried to upgrade my rental to a purchase (as it states you can do and a link is provided) it caused some kind of problem. I spent more than six hours over two different sessions either on the phone with tech support or waiting for their return phone call. After several attempted fixes and multiple transfers the book finally opens on my Kindle for PC but still only works on one devices, not two as per the license agreement as confirmed by Tech Support. The text has also reverted to a rental instead of a purchase and tech support was not successful in upgrading it to a purchase. I finally gave up and will use it as is until the rental runs out. Hopefully they will have the bugs worked out and I'll purchase it next semester or find it somewhere else. As it stands I ordered a used hard copy as backup in case there are further problems with this electronic purchase. Tech

Support was very courteous and professional but was unable to solve the issue after multiple attempts.

Excellent book! Not highlighted or markings! Shipping took longer than expected.

I didn't get the revised second edition, I just got the second edition and I need the revised one!

You sent the book right away and that gave me peace of mind. I was worried that i would not get my books in time. And it was in such an excellent condition.

I would recommend .com to any of my friends in the near future. Exceeds my expectations ... Thank u much
