This was one small taste of the world of Adrian Ring. I love this series and any additions to it are better. I can not wait for more.

I've been waiting many months for this book since it was announced and now having finished it, it was well worth the wait. Those familiar with the AUD Universe will recognize some cameos and tie ins that will make you squee. For those of you who aren't do yourselves a favor and go read the series. You'll enjoy it. Some personal favorites (not to say I didn't enjoy the others, these are just the ones that stood out for me) were Going Nowhere, Neighborhood Watch, Meanwhile in Utah, We Cease to Exist, Voices, The Shadow, The Torch and Redemption.

purchased this book and i will tell you every story in it is above average in keeping me interested and eager to read more from the various authors who contributed...the stories are well written,suspenseful and i hated when they ended,lol..after reading this i also purchased the book 1 of adrians undead diary and book 2 as well.

This is an excellent collection of short stories by a talented group of authors. I loved the insights into the world of AUD. We get to see what other people are experiencing at the time of the zombie apocalypse, plus some cameos from our favorite characters. Fans will not want to miss this one!

Loved the stories in this book. From the first story, I was hooked right in. I enjoyed the continuations of a few of the other stories, as well as the new additions. If you're a fan of Adrians Undead Diary, you get an origin story of one of our favorite Zombies that is seen throughout the series.Check it out and enjoy some good zombie stories.
