A Student's Guide To Methodology

Synopsis

Essential for anyone undertaking a dissertation or theses, this book presents clear and straightforward information and advice on the process and functions of methodology. Although methodology is normally reported within a single methodology chapter, the authors show how every element of the account-from the framing of Research Questions to the drawing of Conclusions-is a function of methodology. They also clearly differentiate methodology and methods, and explain how their relationship is articulated in practice. This Second Edition includes a range of new examples as well as updated readings and suggestions on using the internet as a research tool and resource.

Book Information

Paperback: 272 pages

Publisher: Sage Publications Ltd; 2nd edition (October 15, 2007)

Language: English

ISBN-10: 141292913X

ISBN-13: 978-1412929134

Product Dimensions: 0.8 x 7.2 x 8.8 inches

Shipping Weight: 1.1 pounds

Customer Reviews

Praise for the First Edition: 'This is a thoughtful, well-crafted, easily accessible book | I believe this book would work well for a variety of methodology courses, and I would direct students and colleagues to use it' - Norman K Denzin, University of Illinois, Urbana-Champaign

Cathy Nutbrown is Professor of Education and Director for Research at the School of Education, University of Sheffield. Her work has involved the role of artists in residence in early years settings; inclusion in the early years; children's rights; curriculum development; early literacy work with parents; and the ethical issues of research involving young children. Cathy teaches on the Masters and Doctoral Programmes in Early Childhood Education. She began her career as a teacher of young children and has since worked in a range of settings and roles with children, parents, teachers and other early childhood educators. Cathy is committed to finding ways of working with

respectful[™] with young children, and sees the concept of quality in the context of what it means to develop curriculum and pedagogy in the early years with the ambition of working in a climate of respectful education[™]. She is Editor in Chief of the Journal of Early Childhood Research and has authored several books with SAGE.
