The Sorcerer's Quest (The Sorcerer's Saga Book 1)

Synopsis

It's not easy being the youngest of seven sons in a family of notorious sorcerers, especially for Ayden Dracre. In a world where sorcerers only practice dark magic and wizards only practice light magic, Ayden has a problem; he is very bad at being bad. Try as he might, all of his spells to cause mayhem go awry. When he finds out that his family has had enough of his mistakes, he decides to take destiny into his own hands. He has one chance to prove to his family that he is worthy of the sorcerer name or he will find himself on the unfortunate end of his mother's wrath; he must defeat the greatest wizard of all the lands. There are only two problems: he doesn't know how to fight with magic, and he doesn't want to hurt anyone. If he's going to survive this quest, he will have to rely on the most unlikely allies.

Customer Reviews

Good yarn!!! Wish there was more coming in this universe as it is quite different then Rains other stuff but it feels like a one off. Very good either way.

I loved the book. And being a teenager and struggling with if there is a good and evil. I wish this book didn't treat it as good or evil. But rather as two distinctive life styles but directing it not as," the main character will be good eventually" style. But rather as more of a choice. The book does a great job of it already. But I wish I was more torn on either side as I read the book.

This book was thoroughly enjoyable. A coming of age story with wizards, magic and a dragon - who could ask for more?

Ayden wants to be a sorcerer, but he only wants to do nice things. Impossible. So, he finds himself on a quest with a non-wolf, a non-bear, a non-monkey, and some ghosts. He finds that not all his relatives want him dead, and people aren't easily defined. Fun and lighthearted (though with mentions of torture and attack rabbits). It's a standard quest book, with lots of side conflicts and a climax that's more important (and different) than the MC was expecting. I liked Ayden, even when he was grumpy. I liked that he was polite and always considering how to help others, even accidentally. The magic wasn't defined, but it didn't detract too much from the book. My biggest qualm is that it all seemed a bit too easy and sometimes a bit too random. Once, Ayden is locked up, and he reveals that his dad had taught him how to pick locks. Out-of-the-blue, Ayden gets free of the most powerful sorceress by picking a lock.

very good read. would like to see more books in this series.

A great book and refreshing story line. A good read with great character development. Looking forward to the next book in the series

Fast, light read. The character's are fairly one dimensional but overall I enjoyed the book.

Enjoyable read. Using known character names was questionable at first but worked quite well. Enjoyed the book and science fiction readers of all ages should enjoy it also!
