Format: Kindle Edition | Verified Purchase My niece chose this one as her favourite animal and I can see that she really is enjoying this book! She told me that the pictures were all great and she loves finding more things about bears. She also managed to recite to me all the different kinds of bear and I am truly proud of her because of this. I hope you can make more fun and educational books for these children. She is actually asking me to buy her more animal book and I intend to stick with this author. 5.0 out of 5 stars Nice Children's Book February 21, 2014 By Mateo Format: Kindle Edition | Verified Purchase This book is great for kids looking for something fun to read and great animal pictures. They really enjoyed it and so did I. 5.0 out of 5 stars Awesome book! I showed it to my nephews and they loved it! February 19, 2014 By Dexter Format: Kindle Edition | Verified Purchase This is such a great book for kids. It is informative all while being entertaining with the pictures for the kids. The book shows some cool pictures of different types of bears to go along with some background stories and facts about each specific bear. I had no clue that there were even some of these types of bears. Like for instance a sloth bear. I had never even heard of it! A sun bear? That was new to me! I enjoyed this book myself as an adult, and my little nephews 2 and 4 also enjoyed it as well. I will be downloading the rest of this Author's all about books for sure. 5.0 out of 5 stars Great Pictures and Fascinating Descriptions February 17, 2014 By D. Cohen Format: Kindle Edition | Verified Purchase This is a great book which I plan to read with my friend's daughter this weekend. I know she will love the pictures and the descriptions of the lifestyles of the various bears such as the Panda and the Speckled Bear. The different cubs playing together were adorable. I did not know that certain bears weigh several hundred pounds and how fast they run! Though this is a children's book with lots of humor, adults will also learn a lot and really enjoy it.
