Another good Maverick Kids book. Just like the Dolphin book it will keep children's attention from beginning to end. Each image has been carefully created with interesting facts. I learned facts about Pandas that didn't know such as there are red pandas. Great pictures and an easy quick read. I look forward to the next book in the series.

Pandas: 40 Animal Facts about Giant Panda Bears with Amazing Pictures by Donald Sullivan is an neat book of facts that will enlighten you whether you're young, younger, or youngest! I didn't know Pandas can live to their mid-thirties in captivity? Wow. Great information Sullivan! :)

Pictured filled book is a super cute. This is a great read aloud for younger children while you both explore everything there is to know about the adorable world of pandas.

My 8 year old niece and I learned a lot. She now wants to learn about red pandas. She's excited.

Pandas are extremely popular animals. We've just visited Toronto Zoo to see new panda exhibit that just opened. Thousands of people lined up to get their first look at five-year-old Er Shun and her prospective mate, four-year-old Da Mao. My daughter was very interested in more information about pandas. So, we read this book with my daughter and found a lot of interesting information and great pictures.
