Kneel Or Die (The Kurtherian Gambit Book 7)

Synopsis

The future just went upside down, when a nascent AI is added against Bethany Anne's wishes. Then, there is David and his issues to take care of, permanently. Bethany Anne has had it with Terrorists. Not encumbered with law, she seeks only justice for those who were killed in France. New members are added to the team as they continue their efforts to reach for the stars. ---Read the series one Reviewer says: "I have absolutely DEVoured this series in a period of 36 hrs, and am considering knocking on the authors door to ask him to hurry up with the rest of the series."

Customer Reviews

Another home run. How does the man do it? So many things to say about stuff I loved in Kneel Or Die, but don't want to give anything away. Here are just a few nuggets: * New characters show up of course--some of them actually survive to Book 8. * Old characters keep growing in unexpected ways. There's continuity without predictability. Nice. * People join the team. The recruiting process is

unique. It's a monumental job.* Villainy and treachery abound. Some people are just scum. Good news: they get what they deserve. Love that!* John Grimes is really a Superhero. Not sure if he works for DC or Marvel.* There are so many threads that weave through this story--and they all make sense.* I LOVE those PODS. Really, really want one. My advice: 1. Read 'em in order. 2. Read 'em all. And now, on to *We Will Build* (The Kurtherian Gambit Book 8)

This series has me hooked, completely and absolutely. I started *Death Becomes Her* last week and have been reading at least one book per day and I'm just finished *Kneel Or Die* the 7th book in the series. Normally when entering into an epic series such as this I find after 4-5 books the story might be slowing down and sometimes I take a break, read something else and come back to next book later but with this series I CANNOT STOP READING! The way Michael is able to keep the flow from different perspectives so flawlessly and fluidly is just magical and instead of stopping the flow of plot it all adds to this fantastic twisting narrative that draws you in and gets you involved and will not let you go and I LOVE IT. I thought working in a mining company I had heard every swear word and insult out there but I have learned reading these books this is not so and I still have a lot to learn. I have never felt the need to reach out and personally thank an author before for their work and this is the first and may be the only author I will reach out to and actually converse with. Keep it up Michael.

Winston Churchill's famous quote I believe is most appropriate for this episode, "Now is not the end. It is not even the beginning of the end. But it is perhaps the end of the beginning." I have the advantage of starting this series (in July of 2017) in that I don't have to wait for the next book. The disadvantage is that I missed out on the beginning of a great adventure - not the whole adventure. I have given 5 stars on everything so far because this Freaking Author deserves every word. Now for my first minor correction. We are blessedly protected from most of the really bad stuff (high energy protons, etc..) from our Sun by this planet's magnetic field, though not to diminish the wonderful depth of our atmosphere protecting from most of all other stuff. If you have not read the first book of the series, *Death Becomes Her* I strongly recommend it, even though the author will not leave you in the weeds when referencing previous info. I say this so you will not miss out on the adventure - enjoy.

I can't get enough of these books. I want more! I hover in the blog waiting for more Bethany Anne. I have them on kindle, but I'm slowly collecting the paperbacks and audio books. Bethany Anne is my

spirit animal. People without a sense of humor shouldn't read these. There is no filter for these characters, and it's amazing. I've pushed everyone I know into reading this series. I can not believe the rate that I get new books..... but it doesn't stop me from wanting more and wanting it now. :) Thank you for all the hard work.

rather than calling it paranormal, or sci-fi, or military. Just call it action. Enjoyable storytelling, . . . Basic premise is pretty similar to David Weber's *Mutineers Moon*, only with vampire labels, and the prose was getting reminiscent as well - which isn't a bad thing up to a point. I would rank this author with John Conroe and Larry Correia. Proofreading is more than using a spell check. The first book had the vamp patriarch with the power to go 'insolvent', well I suppose it worked for Trump. It's not polished, if you read the afterword he tells how quickly they are coming out, and it seems more like a stream of consciousness vent than a meticulously planned story arc. In that context it's pretty amazing that it does hang together. So, it's fun but not great literature. Enjoy it like fast food from an independent diner that has pride in its work as opposed to the samey crap from the franchise outlets.

OMG - I love this series!!! Fast paced and fun with a great story line and real, down to earth characters. I absolutely love the over the top, inventive cursing. I keep waking my husband up because I'm laughing so hard while reading in bed! Growing up in the military, us kids used to collect curse words. The 1st thing we asked any new kid in the neighborhood was "what languages can you cuss in?" My brother grew up to be a linguist in the A.F. and can now cuss in 13 - 14 languages fluently. I'm still jealous. back to the review - I found the 1st book for free on Kindle on Sunday, finished it in just a couple hours (I read very fast) and immediately bought the next 10 books. It's Weds morning and I'm starting on book 8 so I came back to get the rest of the series before I get stuck somewhere with no internet connection and I'm out of books to read :) Keep up the good work Michael - this series is on my "keep to read again" list and you're my newest favorite author (& I copy/pasted this review to all the books I've read so far) thanks for the wild ride - Karen
