Customer Reviews

As a student pilot I found this book priceless. It is both educational & interesting. Full of practical, achievable tips covering everything from pre-flight to airborne to post flight and beyond. Relevant and clearly written from experience. Much enjoyed reading it, and have just purchased another

Owen Zupp book.

A safe pilot is always learning so reading this volume should make me a bit safer.

Another great read from Owen. Really practical stuff, there's lots to learn from this experienced pilot. An informative, entertaining read.

Spellcheck would have helped. Some chapters were super helpful. Others so repetitive and weak. It was worth the quick read though.

Practical and easy to read advice based on years of experience. Another great read. Well done Owen.

Fantastic read, a must for any pilot. Looking forward to volume 3

Great book, especially for myself as a student pilot.

Very informative
